

Community Center Operations Proposed Update Beginning Thursday, June 3

Face Coverings

Per CDC guidance, face coverings will not be required for vaccinated members and patrons; face coverings are highly recommended for unvaccinated members and patrons.

Staff will still be required to wear masks.

Reservations

Basketball reservations will be discontinued and open play will resume. Staff will monitor capacity of gym to ensure proper social distancing of individuals.

Pool reservations will remain due to the size of the pool, lack of deck space and the pool being indoors. The shallow area of the pool including the benches will be open to members with reservations for lap lanes, deep water lanes or the vortex. They may use this area either before or after their reservation times.

Day Passes

Day passes will be available for all areas except the pool.

Maintaining COVID-19 Practices

Each program area will maintain the cleaning and sanitization practices currently in place.

Any patron who wishes to continue wearing masks will be welcome to do so.

Individuals will be encouraged to continue practicing COVID-19 prevention measures including physically distancing, washing hands and wearing a mask if unvaccinated.

Some fitness equipment will remain spaced out in order to maintain physical distancing.
